SEND Information
Report &
Core Offer

September 2018-2019

Mrs Barnett

*SEN information report 6.79 (Taken from The Special Educational Needs and
Disability Code of Practice January 2015)*

The governing bodies of maintained schools and maintained nursery schools and the proprietors of academy schools must publish information on their websites about the implementation of the governing body's or the proprietor's policy for pupils with SEN.

Terms and Abbreviations

There are many SEND terms that are abbreviated which can lead to confusion (even for us!).

Below is a glossary of the most used SEND terms.

ADD	Attention Deficit Disorder
ADHD	Attention Deficit & Hyperactivity Disorder
ASD	Autistic Spectrum Disorder
AT	Advisory Teacher
CAF	Common Assessment Framework
CAMHS	Child & Adolescent Mental Health Service
CAM	Community Assessment Meeting
CIN	Child in Need
CP	Child Protection
DCD	Developmental Co-ordination Disorder
EAL	English as an Additional Language
EHCP	Education, Health and Care Plan
EP	Educational Psychologist
EYFS	Early Years Foundation Stage (Nursery and Reception classes)
FSM	Free School Meals
FSW	Family Support Worker
HI	Hearing Impairment
IPM/ IEP	Individual Provision Map/ Individual Educational Plan
ISEY	Inclusion Support Early Years
KS	Key Stage
LAC	Looked After Child
LA	Local Authority
LSA	Learning Support Assistant
LSP	Learning Support Practitioner
MLD	Moderate Learning Difficulty
MSI	Multi- Sensory Impairment
NC	National Curriculum
OT	Occupational Therapist
PD	Physical Disability
PSP	Pastoral Support Programme
SaLT	Speech & Language Therapy
SEMH	Social, Emotional & Mental Health (including behaviour)
SEND	SEND Special Educational Needs & Disability
SENCo	Special Educational Needs Co-ordinator
SEN CoP	SEND Code of Practice
SENDIASS	Special Educational Needs and Disabilities Information, Advice and Support Service
SEN-S	Special Educational Needs Support (in school)
SEN-OA	Special Educational Needs Support (involving outside agencies)
SLCN	Speech, Language and Communication Needs
SLT	Senior Leadership Team
SpLD	Specific Learning Difficulty
STM	School to monitor

Appendices	21-26

At Harvills Hawthorn Primary School, we have high expectations of all our pupils whatever their ability or needs. Our aim is that all pupils will:

- Become successful motivated citizens who are equipped to face the challenges of the future.
- Be physically, mentally and emotionally healthy and able to make informed choices and build positive relationships.

What do OFSTED say?

“The learning needs of disabled pupils and those who have special educational needs are met exceptionally well so they make excellent progress. This includes pupils who attend the nurture group. Staff are very effective in building pupils’ self-confidence and emotional stability so that when they re-join mainstream classes they are academically and emotionally able to keep up with their friends.”

“The school is proud of the high quality care it provides for everyone through pastoral support. This helps pupils to fit easily into school routines and make good personal development. Pupils with identified behaviour problems soon learn to conform to the behaviour expected of them.”

“The inclusion of all pupils, regardless of ability, disability, need or background is exceptionally well led and this results in an outstanding equality of opportunity and no discrimination. There is a strong emphasis on quality classroom practice as the first approach to improving pupils’ learning. There is flexibility built in that enables a timely response to any changing needs which can result in curriculum adjustments for the pupils who need it.”

May 2013

Our Core Offer

2a. How does school ensure that children who need extra help are identified early?

Starting school:

To plan effectively for all children we begin by talking with parents and carers from the moment their child starts school. As parents are the first educators of their child, their knowledge is essential. On home visits and initial meetings with the head teacher we ask whether parents have any concerns about their children – for example, if they have a Special Educational need or disability (SEND) or medical need. This helps us to plan how we will support their child once they start school.

If a child has attended a Nursery or Children’s Centre we use information to plan from day one the best programme of support to develop a Transition Plan.

In the first term we assess all Nursery and Reception children through careful and sensitive classroom observation and an early review of progress after they have had six weeks to settle in. In Years 1-6 we assess children based on the previous class

teacher's assessment of their stage of learning and then again at the end of every half term to closely track progress or difficulties to ensure we don't miss anything.

With children transferring from other schools, we contact the previous school for a discussion with the class teacher, SENCo and/or Head Teacher depending on the level of need.

We also listen to children to find out how they are settling into school.

Listening to Parents and Carers:

At Harvills we offer an open-door policy so that parents and carers can highlight any concerns and discuss whether they feel their child may be in need of extra help. If a parent requires a more in-depth discussion, there is a dedicated parental appointments afternoon every week, where parents can choose and book a slot with the SENCo. This can be done by telephoning Miss Jinks at the school office on 0121 5571034.

Transition

Transition to secondary school is an important milestone in the lives of children and young people with SEND. School will begin to consider arrangements for transitions to secondary school at the earliest possible point.

We aim to make the process as streamlined as possible by:

- Sharing information with the secondary school.
- Arranging a visit to the new school for the pupil in the Summer term of Year 6.
- Using the Transition Pathway Plus (TPP) process to ensure that pupils in need of extra support are identified and appropriate plans for this can be put into place with the secondary school.

For children with an EHCP, the SENCo and any other relevant staff will work with parents to discuss and identify potential secondary schools at the annual review in Year 5. We will carefully plan a transition programme, which is personalised to the individual child, which may include:

- Multiple visits to the new school.
- Visits to the school supported by a familiar member of staff.
- Making transport assistance applications (where relevant and/or necessary).

Identifying and Assessing SEND:

We are committed to personalised planning and regular assessment and review to make sure that your child makes progress. We continue to assess and monitor throughout the child's time in school so that we can support any Special Educational Need that might arise. We do this through the **Graduated Response- Assess, Plan, Do, Review**.

Every term the class teacher meets with the head teacher to discuss all of their children through Pupil Progress Meetings. Every half term, the children's

assessment information is entered onto SIMS Assessment Tracker, our online assessment system and is analysed by the Senior Leadership Team (SLT).

We follow Sandwell Local Authority's guidance for the identification of pupils with Special Educational Needs and Disabilities.

When a SEND has been identified, the SENCo and class teacher will meet to plan to support the child in their area of need. The child will then be given extra support support in one of the following ways depending on the level of need:

- Extra support and resources in class to support learning.
- Being part of an intervention either in a small group or on a 1:1 basis to support them in their area/s of need.
- Have an Individual Provision map or (IPM) put into place to work on focused targets across areas of need.

These interventions will be recorded on the class provision map (this is a record of the interventions, timings, cost and impact of the intervention). **If you have any queries related to the interventions, please do not hesitate to contact the class teacher or SENCo-Mrs Barnett.**

This will then be reviewed half termly by the class teacher and the SENCo and depending on the progress made, the child will either:

1. Stop receiving the intervention, however the teacher and SENCo will continue to closely monitor progress.
2. Continue the intervention.
3. Have an alternative intervention, approach or resource put into place.

The pupil's view of the support that they are receiving and their progress will also be reviewed as they come to the end of their half termly intervention through Pupil Voice Questionnaire. *These can be found in Appendices 1 and 2.*

We take great care to establish whether progress is affected because a pupil has English as an additional language (EAL), for example, by talking to the child (and parents) in their home language where possible.

If a child has SEND which may need support from outside agencies, we are able to work with agencies such as: Educational Psychologists and Speech Therapists, who provide expertise in finding out the type and range of the pupil's needs. For example, in terms of language and communication needs or slow progress in acquiring reading and number skills.

Further information on the outside agencies and services that we work with can be found under **section 3- Our Core Offer**.

You can see more details on how we identify children with Special Educational Needs and Disabilities in our [SEND Policy](#).

2b. What should I do if I think my child has Special Educational Needs?

The class teacher is the initial point of contact for parents who have concerns. The class teacher will then liaise with the SENCo; **Mrs Barnett** for advice and guidance. Parents are more than welcome to contact Mrs Barnett directly if they have further concerns. A meeting can be arranged via telephone on 0121 557 1034 or through the school office.

What should parents do if they are concerned about the support that their child is receiving?

Parents who have concerns are encouraged to speak to their child's class teacher to discuss and address any concerns. If concerns cannot be resolved at this level, parents are welcome to make an appointment to see Mrs Barnett, the school's SENCo, to investigate further and resolve any concerns or issues. This meeting can be arranged with both the class teacher and the SENCo, or separate from the class teacher if this is preferable. We always welcome any communication from parents as it enables the most relevant and effective support to be given to pupils.

Should the matter remain unresolved, parents are encouraged to speak to the Head Teacher Miss Sheen. A link to our Compliments and Complaints policy can be found on the school's website by following the link below:

<http://www.harvillshawthorn.co.uk/other-information.php>

Further advice and support can be gained from the SEND Information Advice and Support Service (SEND IASS) on 0121 569 8240.

3. Our Core Offer

What is Our Core Offer?

Harvills Hawthorn Primary School's Core Offer sets out what we provide for our pupils with SEND throughout their time with us. It explains how we support them on to the next stage of their education. Our [SEND policy](#) gives more detail about our day to day procedures. The purpose of our Core Offer is to inform you about:

- How we welcome, support and make effective provision for children with special educational needs and disabilities.
- How we support them in all aspects of school life and achievement.
- How we work in close partnership with parents, carers and children.
- How we make effective provision for all of our children including those with special educational needs and disabilities.

Keeping Core Our Offer Under Review

We will keep our Core Offer under review by asking parents and children what is working well and what they want to improve.

The next review date for our Core Offer and SEND Information report is September 2019.

Teaching and Support

We know that high quality teaching and skillful support will make a big difference to the progress of all children including those with SEND.

Ensuring that this happens in all classrooms is one of the most important things that our school leaders do. The Senior Leaders, Phase Leaders, Subject Leaders and SENCo work with teachers and support staff to provide effective teaching and support for children with SEND in a variety of ways. These include:

- Careful planning, taking account of different needs, which ensures that all children are able to make progress.
- Making sure that the Class Teacher takes full responsibility and is held to account for all children's learning and progress.
- Using a wide variety of teaching approaches, including guiding learning through modelling, using Visual, Auditory and Kinaesthetic teaching approaches(VAK).
- Providing a stimulating, rich and interactive classroom environment.
- Using regular, clear and rigorous assessments that help teachers to track pupils' progress and identify gaps in their understanding: our [Feedback Policy](#) makes sure that children know how to improve their work.
- Providing additional adult support from well-trained and well supervised support staff.
- Making available specialist equipment and digital technology to support access and participation in learning.

Provision Mapping

We have developed a Whole School Provision Map which identifies what interventions children receive depending on level of need.

Wave 1 is known as 'Universal Provision' and this is what is provided for ALL of our pupils within their classroom setting.

Wave 2 is known as 'SEN Support Provision' which is offered to those pupils who have not made expected progress or need a small boost in order to achieve their potential. These interventions are offered on a short term basis in order to rapidly move the pupils forward in their learning and are often provided within the classroom setting or within a small targeted group.

Wave 3, known as 'Focussed Support Provision' is for those pupils who have been identified as having a Special Educational Need and/or Disability. These children require more individualised learning opportunities and a more significant level of support 'above and beyond' what is provided for all children in order for them to

make progress. This may require withdrawal time from the classroom setting in order to receive targeted intervention as well as the involvement of specialist providers and resources. Not all interventions will be suitable for all children so will be individualised to meet each child's personal needs.

In the 2015 publication "Special Educational Needs and Disability Code of Practice: 0 to 25 years,

The Government identified four broad areas of need for schools to work out what action they need to take and NOT to fit the pupil into a category.

The four areas of need are:

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health difficulties
- Sensory and/or Physical

How do we ensure that children with SEND enjoy a broad and balanced curriculum?

- A wide range of after school clubs.
- Access to trips through vigorous risk assessments and pre-visits by staff.
- Links with specialist groups for children with SEND such as The Albion Foundation.
- Links with Sandwell Parents for Disabled Children (SPDC) who provide activities and trips.
- Activities differentiated by the class teacher and support staff.
- Links with other agencies and specialists to provide extra curricular activities on top of what is offered at a school-level e.g. adventurous activities with the sensory support team.
- ICT and physical equipment used to ensure that activities are as accessible as possible.
- Participation in assemblies to celebrate all cultures through festivals and celebrations.

How do we ensure that school and classrooms are safe, accessible and stimulating?

- Staff ratios and appropriately trained staff available as required.
- Fire evacuation procedures include pupils with SEND.
- Positive images of all pupils including those with SEND are displayed around school and on the school's website.
- Celebrations of different cultures, languages and religions in classrooms.

- Wide door frames that meet building regulations.
- Two Accessible toilets; one on each floor of the building.
- A wider cubicle with an outward opening door in every set of pupil toilets.
- Access to a lift if needed.
- Adequate floor space (square metres) to ensure that children can move around safely.
- Children are encouraged to ensure that equipment is stored away safely and tidily.
- Working walls and washing lines in all classrooms to ensure that all pupils can work independently, solving problems with confidence.
- Well organised, labelled resources which pupils are encouraged to access independently to support themselves if and when needed.
- Examples of children's learning are displayed.
- Key vocabulary is visible in classrooms.

What specialist services or provision can we provide to promote the progress, health and well-being of children with SEND?

- We promote positive behaviour through; staff acting as consistent role models, the use of Behaviour Recovery, Values Education and Philosophy for Children (P4C). You can read more about our approach to behaviour in our [Code of Conduct policy on our website](#).
- We have a [whole school policy on Anti-Bullying](#). This can be found on our website. We do not tolerate bullying and talk about all aspects of bullying, including cyber-bullying, in assemblies, lessons and during Safety week. Our safeguarding procedures ensure that we log reported incidents of bullying and continue to monitor the situation to provide support to the person being bullied.
- We provide help for any child who is experiencing any difficulties with their emotions or relationships from well-trained staff: for example the school's Pastoral Support Manager- Miss D Osell, the SENCo or the Nurture staff. We can also provide support by utilizing our Drama Therapist- Christian Dixon. Pupils can be referred to Christian by staff or can visit for a 'drop in' session between 12.30-1.00pm every Tuesday.
- Nurture groups:
 - EYFS and Key Stage One Nurture for pupils from Reception to Year two
 - Key Stage Two Nurture for pupils from Year three to Year six
- All staff trained in Therapeutic Mentoring and Emotion Coaching.
- All staff have received training in ASD (Autistic Spectrum Disorder).

- Staff trained in a variety of intervention programmes.
- A MAPA team (training that teaches management and intervention techniques to cope with escalating behaviour in a safe and professional manner).
- Two Early Years teachers are fully trained in Makaton to enhance communication for all pupils, including those with SEND or Speech, Language and Communication needs (SLCN). All Early Years staff have some experience of Makaton.
- Forest school staff.
- Our [Attendance Policy](#) describes why and how we promote high attendance for all children.
- All of our staff and governors have an up to date Disclosure and Barring Service check.
- Our Designated Safeguarding Officer is Miss Sheen, the Deputy Designated persons are: Miss Soper, Mrs Hellend, Mrs Barnett, Miss Booth and Mrs Salmon. All of our staff receive yearly training in safeguarding. More information can be found in our [Safeguarding Policy](#) on our website.

Harvills Hawthorn takes the personal development and well-being of children very seriously and has achieved the Well-Being Chartermark. We follow a policy and curriculum for Social, Moral, Spiritual and Cultural development. The policy can be found on our school website: <http://www.harvillshawthorn.co.uk/other-information.php>

We know that children are unlikely to flourish unless they are developing positive relationships, feel safe and are adopting healthy lifestyles. We also know that some children with SEND are particularly vulnerable when it comes to making and keeping friendships. We encourage children to develop confidence and resilience through teaching, social play opportunities and through more targeted support where this is needed.

How are staff supported and trained to work with children with SEND?

Part of the SENCO's role is to support the class teacher in planning for children with SEND.

- The school provides training and support to enable all staff to improve the teaching and learning of all children, including those with SEND. The training may be whole school or targeted at a specific key stage.
- All staff are expected to undertake a range of training as part of their ongoing professional development.
- Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of their year group and specific children in their class.

- Some support staff are specifically trained to work with individuals who have a physical disability or specific medical need and as such have received very specific training from specialist teachers and outside agencies

How do we support pupils with medical needs?

- If a pupil has a health or medical need then a detailed Care Plan is compiled in consultation with parents/carers and sometimes with support from the school nurse.
- These are discussed with all staff who are involved with the pupil.
- All staff have received Epipen training delivered by the school nursing team
- Where necessary and in agreement with parents/carers medicines are administered in school but only where a signed medicine consent form is in place to ensure the safety of both child and staff member.

How do we meet the needs of pupils with Physical Disabilities?

- Dedicated support staff
- A hygiene room with showering facilities.
- A lift
- Two Accessible toilets; one on each floor of the building.
- Specific staff trained in intimate care for pupils with stoma bags or catheters.
- A wider cubicle with an outward opening door in every set of pupil toilets.
- Personalised equipment- writing slopes, writing implements, posture supports etc.
- Good working relationships with outside agencies.
- Health and safety procedures are in place to ensure the safety of all children.

How does the school meet the needs of Looked After Children (LAC) with SEND?

All looked after children must have a care plan which is drawn up and reviewed by the local authority which looks after them. The care plan will identify intended outcomes and objectives for the child and provide the framework to work with the child and carers in relation to his or her emotional and behavioural development, identity, relationships and self care skills.

The care plan must also include a health plan and a Personal Education Plan (PEP) which are developed and reviewed in partnership with relevant professionals. The PEP is part of a looked after child's official school record.

If the child moves schools, it should be forwarded, along with other school records, to their new school, if known, and to the main contact (usually the child's social worker).

Unlike for other children, there will be more adults involved in the child's care and this adds to the complexity of communicating a shared understanding of roles and expectations. The PEP is a vital document because it provides a 'collective memory' about the child's education.

PEPs improve the educational experience of the child by helping everyone gain that clear and shared understanding about the teaching and learning provision necessary to meet the child's education needs and how that will be provided.

The PEP will include information about:

- The child's details that the school needs to know – such as age; care status; where the child lives; school history and whether the child has SEND and if they are having their SEND met through School support (SEN-S), Outside agencies (SEN-OA) or an EHCP.
- The child's carers;
- The child's parents and what restrictions might apply in relation to their contact with the child;
- Whom to contact within the local authority that looks after the child (social worker and looked after children education team contact).

If a child has been looked after for some time, the PEP should include information about educational progress and how s/he learns best.

How does the school involve other agencies, services and organisations in meeting the needs of children with SEND and supporting their families?

Occasionally a pupil may need more expert support from an outside agency. With your consent, a referral can be made to the most appropriate agency. At Harvills, we have a wealth of agencies, both in-house and external, that we can seek support from to help us meet the needs of children with SEND and their families.

Dedicated Outside Agencies:

Sandwell Inclusion Support team which consists of:

- Special Educational Needs Advisory teachers (SENATs) for Learning, Specific Learning Difficulties (SpLD) or Social Emotional and Mental Health (SEMH), including the Preventing Primary Exclusions team (PPE)
- Educational Psychologists
- Complex Communication and Autism team (C-CAT)
- Sensory support team for pupils with Hearing Impairment (HI) or Visual Impairment (VI)

- Inclusion Support Early Years (ISEY) 0121 569 2860

http://www.sandwell.gov.uk/info/200298/early_years_and_childcare/2062/inclusion_support_early_years

Sandwell Inclusion support team can be contacted on 0121 569 2777

Other Outside Agencies:

- Speech and Language therapists 0121 612 2010
- Occupational and Physiotherapists 0121 612 2010
- Child and Adolescent Mental Health Services (CAMHS) 0121 612 6620
- Sandwell BEAM
http://www.sandwell.gov.uk/download/downloads/id/26800/beam_sandwell_information.pdf
- General Practitioners (GPs)
- Paediatricians
- School Nurse Service 0121 612 2978 / 07738977200
- SEND Information Advice and Support Services (SEND IASS) 0121 569 8240
- [The Albion Foundation 0871 271 9840](http://www.albionfoundation.org.uk)

In-House Access to Agencies:

- Drama Therapy with Christian Dixon- Drama Therapist.
- Enhanced Speech and Language Therapy service.

After a series of assessments, a programme of support is usually provided to the school and parents/carers.

Further information on both of the above can found in our [SEND Policy](#).

4. How is the decision made about the type and how much support my child will receive?

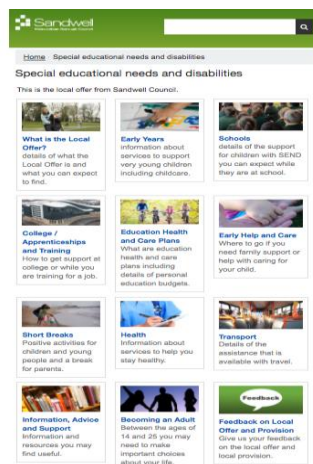

The school's SEND budget is allocated each financial year. The money is used to provide additional support or resources dependent on an individual's needs. This is allocated on a needs basis – the pupils who have the most complex needs are given the most support.

If a child's needs exceed the funds available in school, then school (with support of parents) can apply for additional funds through an Education, Health and Care Plan.

5. Sandwell's Local Offer

What is the Local Offer?

The Local Offer was first introduced in the Green Paper (March 2011) as a local offer of all services available to support disabled children and children with SEN and their families.

This easy to understand information will set out what is normally available in schools to help children with lower-level SEND as well as the options available to support families who need additional help to care for their child.

What will it do?

The Sandwell framework will allow the Local Offer to provide parents/carers with information about how to access services in their area, and what they can expect from those services.

With regard to Education, it will let parents/carers and young people know how schools will support them, and what they can expect across the local settings.

Harvills Hawthorn's Local Offer will be referred to as the 'Core Offer' to minimise confusion with Sandwell's Local Offer, a link to which can be reached by clicking the image above.

6. Parent Partnerships

Our parents and carers provide the essential community spirit enjoyed by all involved at Harvills. Their involvement in assemblies, celebrations, Inspire workshops, coffee mornings and a whole raft of learning experiences brings to life those values and beliefs that inspire us and the children.

We know that the active involvement of parents and carers in supporting the education of their child is one of the **most important factors** in ensuring a child's success and achievement.

We know that parents are the first educators of their child and that we need their knowledge and support to plan effectively. We will always involve parents and children (where appropriate) in planning and reviewing progress.

We communicate clearly and regularly with parents and carers of children with special educational needs and disabilities about, for example:

- How we support their children
- Their achievements and their well-being
- Their participation in the full life of our school

We endeavour to develop this in partnership with the children by encouraging them to review their previous achievements and suggest ways in overcoming challenges to their learning.

We will offer help and advice parents and carers on how to help their children make progress at home, for example in Mathematics and Reading.

We welcome and value feedback on how well we are working with our parents. We would like parents to help us develop our Core Offer further with **consultations during the Autumn term 2018**.

We try to communicate in plain English and have a Multi-lingual member of staff who can offer interpretation in Punjabi, Urdu and Miripuri. We can also access interpreter services in the following languages: Croatian, French, Spanish and Italian from the Sandwell SEND IASS service with sufficient time for this to be arranged.

Reviewing Progress

Parents and carers of children in KS1 and 2 are invited to a 'Meet the Teacher' session in the Autumn term to discuss their child's progress, raise any concerns and to be aware of the next steps in their child's learning journey. Parents and carers of children in EYFS will have met their child's new teacher during EYFS transition days in the Summer term of the previous academic year. EYFS parents are more than welcome to request an extra appointment with the class teacher to discuss progress, any concerns and next steps at any point during the academic year.

Parents will be invited in to a more formal Parent's Evening in the Spring term to discuss their child's progress, next steps and identify targets. The SENCo will be available on both 'Meet the Teacher' evening and Parent's Evening to discuss and review progress of children with SEND with parents and carers. Parent's and carers can also request a meeting with the SENCo at any point during the school year.

Parents will also receive a school report annually in the summer term, outlining their child's achievements and progress across all curriculum areas.

Parents of pupils with SEND will have **at least** one further contact with the SENCo, this will either be a formal meeting or a telephone call to review progress and discuss next steps.

Should parents require further meetings with the class teacher and/or the SENCo, this can be arranged by speaking to the class teacher, the school office or telephoning the SENCo on 0121 557 1034.

EHCP and Statement Reviews

Pupils that have an EHCP will have this reviewed annually with parents and any professionals or agencies involved.

Please see our [SEND Policy](#) for further information.

7. Pupil Voice

Article 12 of the United Nations Convention on the Rights of the Child states that when “adults are making decisions that affect children, children have the right to say what they think should happen and have their opinions taken into account”, according to their maturity level.

We know that the only way we really find out if a child is happy, feeling safe and taking part in the full life of our community is for the school to be certain that it hears and responds to the voices of children, especially those most vulnerable.

We make sure that we listen to children in our school and respond to what they say in a number of ways, including:

- Ensuring that pupils are encouraged to express any worries or concerns that they have and giving children the right to choose a preferred adult to talk to.
- Talking to children and/or groups of children during lesson observations to understand their experience of the lesson.
- Inviting children to make personal contributions to their Annual Review meetings, for example, through a video, audio or power point presentation or a written ‘All About Me’ document.
- Encouraging children to respond to feedback given through Close the Gap marking.
- Allowing pupils to contribute to identifying targets that they would like to work on.
- Ensuring that our safeguarding procedures are strong and that all staff are well trained.

8. What do school leaders and governors do to make sure that all children feel welcome, feel included and achieve their potential?

The Head Teacher has overall responsibility for SEND and inclusion. The SENCo is in post to oversee provision – **Mrs Barnett**. Mrs Barnett is responsible for managing the day to day provision for our children with SEND. This involves supporting staff in their delivery of the curriculum through modelling good practice as well as ensuring adequate records are kept detailing the support that each child is receiving.

Inclusion issues are regularly discussed at Senior Leadership meetings and weekly at Pastoral Team meetings.

Provision for children with SEND is constantly under review and amended where and when necessary.

We carefully monitor the progress and well-being of children with SEND and the quality of our provision. This includes teaching as well as support through our rigorous monitoring cycle and consists of lesson observations, pupil interviews and discussions with teachers and support staff.

All of our staff are experienced, reflective practitioners who are open to advice and are keen to develop their practice in order to ensure the best possible provision for all of our children including those with SEND.

The Governing Body meet regularly and challenges staff to ensure that the quality of the provision is constantly being improved. Our Governing Body is made up of several parents/carers and this enables them to share the concerns of all parents/carers including those with children with SEND.

Our dedicated SEN Governor is Nicola Cooke. She meets with our Head Teacher regularly, attends governors meetings and staff meetings and then reports to the Governing Body.

We fully involve our Governors when the SEND policy is reviewed and revised.

Appendix 2- Key stage 2 Pupil's Provision Review Sheet

Appendix 3& 4- All About me sheet (taken from Sandwell SEND Handbook 2015)

Name..... Date.....

Pupil Voice

What extra learning do you do as well as your class work?

How do you feel about it?

Does it help you? How?

Would you like to carry on doing it?

*Please scribe to record the pupil's voice where necessary and/or appropriate.
