

Weekly Home Learning for Years 1 and 2

What to do?

Learn weekly spellings

When and where can I find them?

Each week, a copy of the words your child needs to learn will be sent home. Similar words are allocated on Spelling Shed for further practice.

When does it need to be returned?

They need to be learned in preparation for the test.

Useful links:

<https://www.spellingshed.com/en-gb/>

Your child has a login for this in their reading record book.

What to do?

Listen to your child read aloud at home and talk about the book. We would like this to be at least three times per week. When you have listened to your child read, please record this in their reading record book. You could also read to them so that they can hear how a 'good reader' sounds.

When and where can I find it?

Reading books and reading records should be kept in your child's school bag.

When does it need to be returned?

Every day.

What to do?

NumBots is the online learning platform that children in Key Stage 1 use to support their understanding of the basics of maths..

When and where can I find it?

<https://numbots.com>

(your child will have their login details in their reading record) Please see the attached sheet for more information about NumBots.

When does it need to be returned?

This is continual practice that will benefit your child in all areas of their maths learning.
