

COVID-19: Checklist & model risk assessment for the safe operation of schools during pandemic.

Schools Safety Guide (SSG)

Document information

Document title	COVID-19: Checklist & model risk assessment for the operation of schools during pandemic.		
Owner	SMBC - Corporate Health & Safety Unit		
Status	Live	Version	12
Effective from	15 th May 2020	Approved on	15 th May 2020
Last updated	29 th November 2021	Last updated by	J Sheen
Review date	28 th January 2022		
Purpose	To give schools SLT direction, guidance and advise on how to ensure schools are safely re-opened following the COVID-19 lockdown period		

RA

Risk Assessment for: **Safe operation of school during COVID-19 pandemic**

School: Harvills Hawthorn Primary School

Assessment Date: **5/03/21**

Name of Assessor(s): **J Sheen**

Assessment Ref No:

Risk Matrix scoring

Likelihood	
1	Very unlikely
2	Unlikely
3	Likely
4	Very likely
5	Certain

Severity:	
1	No Lost time
2	Under 7-day injury or illness
3	Over 7-day injury or illness (RIDDOR)
4	Specified injury or illness (RIDDOR)
5	Fatality, disabling injury or illness

guide:

High (15-25)	These risks are unacceptable; significant improvements in risk control are required. The activity should be halted with immediate effect until risk controls are identified/implemented that reduce the risk to an acceptable level
Medium (5-12)	Additional control measures should be identified and implemented to reduce the risks associated with the activity or workplace so far as reasonably practicable
Low (1-4)	Minimal control measures are required to be implemented to satisfy the level of risk. Maintain current arrangements for risk control
